

Course information

These courses are intended for teachers delivering Signature qualifications, to refresh and enhance your BSL teaching skills whilst contributing to your Continuing Professional Development.

Each course shouldn't take longer than three hours to complete and is split into bite size sections so you can go at your own pace or focus on one part at a time.

Training content

Course pack (PDF)

Your printable course pack goes hand in hand with your online course and will complement your entire learning journey. Use it for taking notes and revising your new skills.

Qualification

Assessment criteria for all three units is explained and practical examples are provided so that you can bring the best out of your students, including 101 variants for Level 1 and vocabulary and discussion topics for all four Level 2 themes.

Assessment

We will guide you through the assessment preparation process with tips on completing the CAR form, best practice examples and what not to do.

Additional support

Classroom support tools

We have provided a number of classroom activities including practice assessments to support the work that you do, boost confidence and enhance classroom learning.

Articles of interest

We will share any articles that we think might interest you, with a space for you to comment and share your thoughts with other BSL professionals.

Real time chat

We are here to answer your questions and provide support every step of the way. Send us a message in real time and we will help you on your way (during business hours only).

Video chat

You can arrange a video chat with a consultant who will answer your questions about the training content (by appointment only).
